## N10 - Specification:

## 'R...' - Club Round Frame Mezzo Changing Room Bench:

Dimensions: 325mm deep x 450mm high seat as standard (Junior – Infant sizes available).  
1m - 1.5m - 2m long or 2.5m - 3m long with a third upright in the centre.

**Leg frames:** Constructed of 45mm dia vertical tubes with 50mm x 30mm horizontal channels, ground / polished then powder coated to finish, pre-drilled to take seat frames, and shoe rack (if required), with plastic feet as standard. Available as options - Floor fixing cleats - Adjustable feet.

**Seat:** Constructed using a powder coated 30x30 formed angle support framework for additional strength, onto which 3x 75mm x 25mm Ash hardwood slats are factory fitted.

## OPTION:

**Shoe Racks:** Constructed using 3 powder coated round tubes and formed channel ends, simply bolts into the legs under the bench seat units at 150mm centres from the floor.

## FINISH:

**Colours:** Available in a choice of 6 standard colours - Silver (Gloss) - Blue (RAL5002) - Yellow (RAL1018) - Red (RAL3020) - Green (RAL6009) - Black (RAL9005) - White (RAL9010) - Grey (BS18B25).

**Ash hardwood slats:** Ash is cut to size, profiled with a 6mm round on the long edges, sanded, cleaned and finished with 2 part cellulose ac lacquer with 30% sheen level.

**Steel / metal legs and seat support frames:** Welded in jigs for dimensional consistency, welds ground flush and all steel cleaned using a vapour immersion degreaser, then electro statically epoxy polyester powder coated to approx 60-80 microns, baked in an industrial oven and wrapped for protection during transport.

**Zinc Plating:** If the bench seats are for use in wet situations or where there is exposure to chlorine / bromine etc, please ensure you request Zinc Plating (additional cost applicable).

**Note:** For high humidity, regularly very wet areas, external or pool side applications we would recommend our Stainless Steel range.
