**N10 - Specification:**

**'M...' - Evolve Mono Changing Room Bench:**

**Dimensions:** 350mm deep x 450mm high seat as standard (Junior – Infant sizes available).  
1m - 1.5m - 2m or 2.5m - 3m long with a third upright in the centre.

**Leg frames:** Constructed of 30mm x 30mm box section with mitred joints, ground / polished then powder coated to finish, pre-drilled to take seat frames, and shoe rack (if required) with floor and wall fitted fixing brackets.

**Seats:** Constructed using a powder coated 30x30 formed angle support framework for additional strength, onto which 3x 75mm x 25mm Ash hardwood slats are factory fitted.

**OPTION:**

**Mesh Shoe Racks:** Constructed using a powder coated 30x30 formed angle support framework into which 50mm x 25mm mesh is fitted (complete with rear support brackets), simply bolts into the leg and under the bench seat unit at 150mm centres from the floor.

**FINISH:**

**Colours:** Available in a choice of 6 standard colours - Silver (Gloss) - Blue (RAL5002) - Yellow (RAL1018) - Red (RAL3020) - Grey (BS18B25) - Black (RAL9005).

**Ash hardwood slats:** Ash is cut to size, profiled with a 6mm round on the long edges, sanded, cleaned and finished with 2 part cellulose ac lacquer with 30% sheen level.

**Steel / metal legs and seat support frames:** Welded in jigs for dimensional consistency, welds ground flush and all steel cleaned using a vapour immersion degreaser, then electro statically epoxy polyester powder coated to approx 60-80 microns, baked in an industrial oven and wrapped for protection during transport.

**Zinc Plating:** If the bench seats are for use in wet conditions or where there is exposure to chlorine / bromine etc, please ensure you request Zinc Plating (additional cost applicable).

**Note:** For high humidity, regularly very wet areas, external or pool side applications we would recommend our Stainless Steel range.
